Fresher

## CERTIFICATES

02/2023 - 09/2023

### Responsive Website Developer

I have a diploma in Web Designing, Web Development, and Front-End Development. My expertise lies in HTML, CSS, Javascript, Bootstrap Framework and Web Hosting

## PERSONAL PROJECTS

### Kids Zone - E-Project

09/2023 - 10/2023

Led a team of developers in the creation of a kids' learning website, which featured interactive games, educational resources, and a variety of other engaging content. Successfully managed all aspects of the project, from planning and design to development and launch. Worked closely with the team to ensure that the website was both educational and fun for children of all ages. The website was well-received by parents and children alike, and it has since become a popular resource for online learning.

### Personal Portfolio

06/2023 - Present

I used HTML to structure the content of my portfolio, CSS to style the layout and design, and JavaScript to add interactivity and functionality. I also used Bootstrap, a popular CSS framework, to make my portfolio responsive and mobile-friendly.

### Google Store (Clone)

07/2023 - Present

I have developed a Google Store clone website by myself using HTML, CSS, and JavaScript. This project was a challenging but rewarding experience, and it helped me to solidify my skills in these core web development technologies.

### Buisness Managment Website

(Link to Website) :<https://zauraz79.000webhostapp.com/>

I have developed a business management website using Bootstrap, Tailwind CSS, HTML, CSS, JavaScript, and JQuery. This website is a comprehensive solution for businesses of all sizes, providing a variety of features to help users manage their operations more efficiently and effectively.
